WHERE YOU CAN USE DUMBWAITER LIFTS

PHARMACIES

The 24 kg range is the ideal solution for transporting small items with maximum comfort and silence.

HOSPITALS

For moving any materials, even the most delicate, with maximum safety.

WAREHOUSES

With the 200-300 kg range is possible to move bulky materials between floors, also with trolleys.

HOTELS

The essential tool for easier cleaning, also with the double decker model for the double load of goods.

OFFICES

The mail and storage operations have a great ally in the range 24-50 kg.

RESTAURANTS

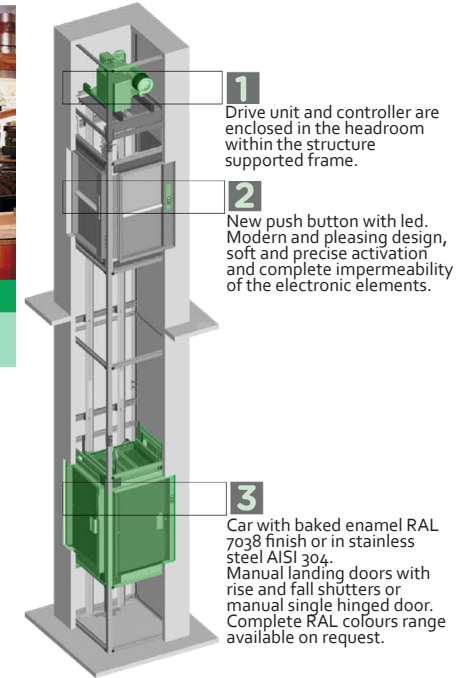

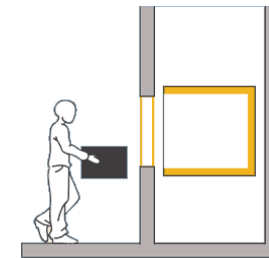

Microlift is THE service lift, also thanks to the heating system of the car for the transport of food and the double decker model, fully respecting the sanitary and hygienic regulations.
